

## Adding a Banner Widget

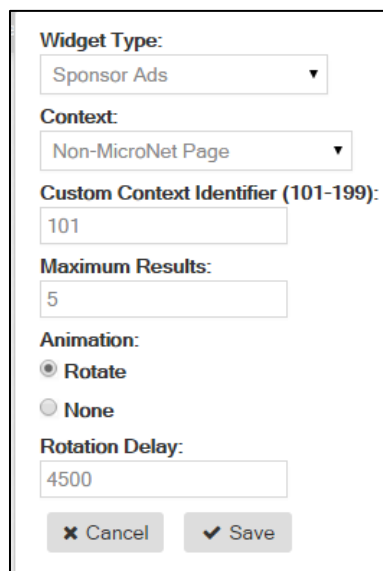

1. Click on CM Widget button

2. Select Widget type as "Sponsor Ads"

A dropdown menu titled 'Widget Type:' with a search bar containing 'Select a Widget...'. The menu is open, showing a list of options: 'Events Calendar', 'Login', 'Module Feed', and 'Sponsor Ads'. 'Sponsor Ads' is highlighted in blue.

3. Adjust preferred options

A configuration dialog box for the 'Sponsor Ads' widget. It contains the following fields and options:

- Widget Type:** A dropdown menu set to 'Sponsor Ads'.
- Context:** A dropdown menu set to 'Non-MicroNet Page'.
- Custom Context Identifier (101-199):** A text input field containing '101'.
- Maximum Results:** A text input field containing '5'.
- Animation:** Two radio buttons: 'Rotate' (selected) and 'None'.
- Rotation Delay:** A text input field containing '4500'.
- At the bottom are two buttons: 'Cancel' (with an 'x' icon) and 'Save' (with a checkmark icon).

**Context:** Category Type

**Custom Context Identifier:** Matches the number assigned in the data base - [View steps on creating banner ads in the database](#)

**Maximum Results:** Number of banner ads that should display

**Animation:** Rotate or none

**Rotation Delay:** Default set at 4500 (4500 = 4.5 seconds)

4. Click Save
5. Banner will display centered in the selected Area on the website.
